# Introduction to our Business

## KINGSTON RETAIL

The K.K. Kingston Retail Division focuses on the sale of a range of consumer goods & household products to both wholesale & retail outlets throughout PNG.

The flagship brand is the 'Dazzle' range, which includes bleaches, toilet paper, dishwasher liquid, disinfectants, sanitizer & cleaners. All Dazzle products are manufactured locally, & subject to international quality standards, making our products among the best in the country in terms of standards of quality & manufacture. It is for this reason that K.K. Kingston cleaning products can be found in almost every PNG home & are now exported throughout the South Pacific.

One of K.K. Kingston's newest & most successful products is cooking oil, marketed under the brand name 'Gold'n Sun'. Independent testing has shown that Gold'n Sun Cooking Oil is the highest quality cooking oil made in PNG, in terms of colour, clarity & flavour. Gold'n Sun comes in sizes ranging from 250ml, 500ml, 1 litre, 4 litre & 15 litre packs.

The Retail Division also manages the sale of 'private label' bleaches, toilet paper & other associated products for a number of large PNG businesses & local distributors. While these products don't carry the K.K. Kingston brand, they are subject to the same rigorous scrutiny & quality control as the rest of our products.

All K.K. Kingston retail products offer both quality & value for the PNG consumer. We aim to offer products that are competitive with globally recognizable brands in terms of quality & presentation, while offering value that is competitive with cheap Asian-imported products. Because most of our products are PNG made, we offer consumers the assurance that their purchases are contributing the creation of jobs & the development of the national economy.
