The KI Management Team

Our business is strong - because of our people. We are proud to present to you our Kingston Industrial Team who have represented some of the world's leading companies and products.

The knowledge and expertise that our team brings to you, is what really sets us above our competitors.

Paul Jackson- Industrial Division Manager

Paul brings to the Team over 17 years of managerial experience working in the Industrial, manufacturing and retail sectors in Papua New Guinea as well as extensive international experience gained in the UK, Australia and Indonesia. Paul has a strong customer service focus ensuring that the team are providing the best products available with unparalleled service delivery.

Andrew Olsen - National Service and Hire Manager

Andrew has 15 years experience with a leading Australian Hire company. He has gained valuable technical and management experience within the industry including obtaining Industry wide certification and training certificates.

Paul Muddle - National Technical Welding Manager

Paul has an enviable reputation amongst his peers in the welding industry having spent over 30 years with *Lincoln Electric* and brings his technical expertise to the team.

Bradley James – National Sales Manager

Hailing from Johannesburg, South Africa, Bradley brings 16 years of sales and management experience, offering an extensive range of skills that includes product knowledge and sales training.

Llewellyn Wepener, Northern Region Branch Manager - Lae

Llewellyn has been in the South African construction and plant hire industry for over 15 years and has the ability to understand clients needs in a range of industries.

John Kehali – Operations Manager - Lae

John brings a wealth of experience in technical welding, gas manufacturing and equipment distribution. He has supported the construction and resource sector with welding, safety and general industrial and engineering supplies at Kingston Industrial for over 20 years.

Justin Watson – Sales Manager - Lae

Justin brings to the Team a strong commercial knowledge supported by excellent sales skills, focusing on good customer service and service delivery.

About Kingston Industrial

Kingston Industrial (KI) is committed to serving the needs of the growing Resource and Construction Sectors in Papua New Guinea. Kingston Industrial is a division of KK Kingston Ltd, a PNG company serving your industry since 1972.

Our Commitment to our clients is to continue to improve standards of quality and service by selecting, supplying and servicing the best quality products and providing timely and experienced support from our dedicated team of professionals.

Our services - Sale - Hire - Service

Whether you are looking for new equipment for purchase, need to hire a machine for the short-term or need your machinery maintained or serviced, our team of professionals will help you find the right solution for your project. We are delighted to introduce you to KI's expanded range of services and key products, for Sale, Hire and Service.

The KI Management Team

Ken Keina – Hire Manager - Lae

Over 15 years of hire experience in PNG, Ken has progressed his career from counter sales to his current position as Manager. Ken sees his role as operating our hire business with an emphasis on customer service that is second to none..

Leo Biggs – Southern Region Branch Manager

Leo brings to the Team a wealth of experience with leading companies in Queensland, Australia. Leo is responsible for the Industrial sales and equipment Hire in Port Moresby and the Southern region.

Mathew Keleb - Sales Manager - Pom

With 24 years Industrial sales experience and 22 of those years with Kingston Industrial we are lucky to have Mathew who is known in the Industry and treated as a reliable source of expertise. An all rounder who can offer our valued customers a high level of service unmatched in Port Moresby,

Chris Gaveva, Service Manager - Pom

10 years of Mines (Ok Tedi and Lihir) experience in the Electrical Field, Including overseas with CAPS Australia in air compressors and power generation equipment. Then KKKingston Industrial for 6 years in the roles of Service Technician, Supervisor and now Service Manager.

Charles Changei - Equipment Sales Manager

Having been with KK Kingston for over 8 years Charles understands the expectations and standards within Kingston Industrial and as such upholds them with his equipment sales. A certified Elevated work Platform Operator and with regular workshops with JLG, Charles is the right person to answer your questions and provide the necessary equipment solutions for your project.
